

The American Journal of Medicine

VOLUME 56

NUMBER 1

CONTENTS

EDITORIAL

- Evaluation of Surgery in Angina Pectoris. Herbert N. Hultgren, Timothy Takaro, Noble Fowler, Elizabeth C. Wright 1

CLINICAL STUDIES

- Immunosuppressive Therapy of Chronic Idiopathic Thrombocytopenic Purpura. Stuart C. Finch, Oswaldo Castro, Milton Cooper, William Covey, Robert Erichson, Peter McPhedran 4
- Accidental Hypothermia in an Alcoholic Population. Arthur E. Weyman, Dennis M. Greenbaum, William J. Grace 13
- The Effect of Ethanol on Hemostatic Properties of Human Blood Platelets. Michael J. Haut, Dale H. Cowan 22
- Familial Nephrotic Syndrome. Patricia I. Bader, John Grove, Carl W. Trygstad, Walter E. Nance 34
- Hereditary Nephritis with a Characteristic Renal Lesion. Raymond L. Sherman, Jacob Churg, Melvin Yudis 44
- Long-Term Prognosis in Acute Glomerulonephritis. The Predictive Value of Early Clinical and Pathologic Features Observed in 65 Patients. R. Garcia-Torres, N. Hinglais, D. Kleinknecht ... 52
- Autoimmune Hemolytic Anemia in Children. A Review of 80 Cases. Bahman Habibi, Jean-Claude Homberg, Gérard Schaison, Charles Salmon 61

COMBINED CLINICAL AND BASIC SCIENCE SEMINAR

- Proteinuria (New York Hospital-Cornell Medical Center) 71

REVIEW

- Clinical Manifestations of Hepatoma. A Review of 6 Years' Experience at a Cancer Hospital. Daniel C. Ihde, Paul Sherlock, Sidney J. Winawer, Joseph G. Fortner 83

CLINICOPATHOLOGIC CONFERENCE

- Appendiceal Abscess (Washington University School of Medicine) 92

CASE REPORTS

- Extensive Metastatic Calcification of the Lung in an Azotemic Patient. Martin Neff, Suleyman Yalcin, Surendra Gupta, Herbert Berger 103
- Acute Cortical Necrosis. Case Report and Review of the Literature. Robert A. Matlin, Nancy E. Gary 110
- Juxtaglomerular Hyperplasia and Hyperreninemia in Progressive Systemic Sclerosis Complicated by Acute Renal Failure. Richard A. Stone, C. Craig Tisher, Hal K. Hawkins, Roscoe E. Robinson 119
- Renal Involvement in Tuberous Sclerosis. Arnold M. Chonko, Stephen M. Weiss, Jay H. Stein, Thomas F. Ferris 124
- Massive Azathioprine Overdose. Case Report and Review of the Literature. Douglas M. Carney, Charles F. Zukoski, David A. Ogden 133

The American Journal of Medicine

VOLUME 56

NUMBER 2

CONTENTS

EDITORIALS

- The Autopsy and Quality Assessment of Medical Care.** *Jack Hasson, Harry Gross* 137
- Metastable Supersaturation. Physicochemical Studies Provide New Insights Into Formation of Renal and Biliary Tract Stones.** *R. Thomas Holzbach, Charles Y. C. Pak* 141

CLINICAL STUDIES

- In-Hospital Mortality in the Pickwickian Syndrome.** *Albert Miller, Margarito Granada* 144
- Renal Response to Mechanical Ventilation in Patients with Chronic Hypercapnia.** *Gerard M. Turino, Roberta M. Goldring, Henry O. Heinemann* 151
- Cardiac Arrest in the Critically Ill. II. Hyperosmolar States Following Cardiac Arrest.** *João A. Mattar, Max Harry Weil, Herbert Shubin, Leon Stein* 162
- Bacterial Pneumonia Complicating Adenoviral Pneumonia. A Comparison of Respiratory Tract Bacterial Culture Sources and Effectiveness of Chemoprophylaxis Against Bacterial Pneumonia.** *Charles Ellenbogen, John R. Graybill, Joseph Silva, Jr., Paul J. Homme* 169
- Human Growth Hormone Release. Comparison of Provocative Test Procedures.** *Richard L. Eddy, Paul F. Gilliland, Jesse D. Ibarra, Jr., James F. McMurry, Jr., John Q. Thompson* 179
- Serologic Evidence of Toxoplasmosis Among Patients with Polymyositis.** *L. J. Kagen, Anne C. Kimball, C. L. Christian* 186
- Technetium Brain Scanning in the Diagnosis and Management of Cerebral Abscess.** *E. F. Crocker, A. F. McLaughlin, J. G. Morris, R. Benn, J. G. McLeod, J. L. Allsop* 192
- The Bacteriology of Aspiration Pneumonia.** *John G. Bartlett, Sherwood L. Gorbach, Sydney M. Finegold* 202

REVIEW

- Disseminated Paracoccidioidomycosis (South American Blastomycosis) in the United States.** *Henry W. Murray, Maxwell L. Littman, Richard B. Roberts* 209

CLINICOPATHOLOGIC CONFERENCE

- Disseminated Eosinophilic Collagen Disease (Washington University School of Medicine)** 221

CASE REPORTS

- Persistent Atrial Standstill.** *Darrel T. Combs, Henry F. Bellaci, Harold H. Shively, Gabriel Gregoratos* 231
- Combined Mitral and Aortic Regurgitation in Ankylosing Spondylitis. Angiographic and Anatomic Features.** *William C. Roberts, Jefferson F. Hollingsworth, Bernadine H. Bulkley, Richard B. Jaffe, Stephen E. Epstein, Edward B. Stinson* 237
- Steroid Therapy During Acute Myocardial Infarction. A Cause of Delayed Healing and of Ventricular Aneurysm.** *Bernadine H. Bulkley, William C. Roberts* 244
- Effect of Intermittent Left Bundle Branch Block on Left Ventricular Performance.** *Akira Takeshita, Lotfy L. Basta, J. Michael Kioschos* 251
- Streptococcus Bovis Endocarditis.** *Chatrchai Watanakunakorn* 256
- A Syndrome of Congenital Cardiomyopathy with Mitral Regurgitation, Complete Heart Block and Atrial Arrhythmia.** *David S. Cannon, E. William Hancock* 261
- Variant Angina Pectoris Caused by Coronary Artery Spasm.** *Neil J. Hart, Mark E. Silverman, Spencer B. King* 269

The American Journal of Medicine

VOLUME 56

NUMBER 3

CONTENTS

EDITORIAL

- A Logical Approach to the Diagnosis of Renal Transplant Rejection. Immunologic, Ischemic and Inflammatory Impairment of Renal Function.** *John F. Maher* 275

CLINICAL STUDIES

- Association of Renal Allograft Rejection with Virus Infections.** *Carlos Lopez, Richard L. Simmons, S. Michael Mauer, John S. Najarian, Robert A. Good with the technical assistance of Sharon Gentry* 280
- Antithymocyte Antiserum Effects in Man.** *Bernard Pirofsky, Raymond Beaulieu, Emil J. Bardana, Jr., Anne August* 290
- Pulmonary Function in Duchenne Muscular Dystrophy Related to Stage of Disease.** *Scott R. Inkley, Frederick C. Oldenburg, Paul J. Vignos, Jr.* 297
- A Hereditary Type of Idiopathic Articular Chondrocalcinosis. Survey of a Pedigree.** *J. K. van der Korst, J. Geerards, F. C. M. Driessens* 307
- Effects of Synthetic Salmon Calcitonin in Patients with Paget's Disease of Bone.** *Carlos R. Hamilton, Jr.* 315
- Anergy in Patients with Leukocytosis.** *Larry I. Heiss, Darwin L. Palmer* 323
- Streptococcal Immune Responses in Nephritis After Skin Infection.** *Hugh C. Dillon, Jr., Mary S. Avery Reeves* 333

COMBINED CLINICAL AND BASIC SCIENCE SEMINAR

- Gonococcal Disease. (New York Hospital-Cornell Medical Center).** *Robert W. Lightfoot, Jr., Emil C. Gotschlich* 347

REVIEW

- Role of Surgery in the Treatment of Primary Infective Endocarditis.** *Steven Black, Robert A. O'Rourke, Joel S. Karliner* 357

CLINICOSOCIOLOGIC CONFERENCE

- Hypertension. (Washington University School of Medicine)** 370

CASE REPORTS

- Diffuse Lymphoma of the Intestines with a Monoclonal Gammopathy of IgG₃ Kappa Type.** *Maria Kopéc, Zdzisława Świerczyńska, Jacek Pazdur, Stanisław Luft, Maria Plachecka, Maria Dąbska, Danuta Gilińska, Genowefa Woźniczko-Orłowska* 381
- Atypical Lymphoma with Prolonged Systemic Remission After Splenectomy. Description of Three Cases.** *David J. Straus, Zebulon B. Vance, Earl J. Kasdon, Stephen H. Robinson* 386
- Maternal Antibody to Fetal Light Chain (Inv) Antigens.** *W. Page Faulk, Erna van Loghem, Gunnar B. Stickler* 393
- Plasma Cell Interstitial Pneumonia and Macroglobulinemia. A Response to Corticosteroid and Cyclophosphamide Therapy.** *LeRoy J. Essig, Elizabeth S. Timms, Daniel E. Hancock, Gordon C. Sharp* 398
- Hereditary Angioedema and "Familial" Lupus Erythematosus in Identical Twin Boys.** *Peter F. Kohler, John Percy, Woodrow M. Campion, Charley J. Smyth* 406
- Fibromuscular Dysplasia of the Renal Artery with Medial Dissection. A Case Simulating Polyarteritis Nodosa.** *David S. Meyers, Clarence E. Grim, W. Ford Keltzer* 412
- Acute Autoimmune Hemolytic Anemia Due to a Low Molecular Weight IgM Cold Hemolysin Associated with Episodic Lymphoid Granulomatous Vasculitis.** *Deborah A. Spiva, James N. George, David A. Sears* 417
- Waldenström's Macroglobulinemia in a Patient with a Chronic Biologic False-Positive Serologic Test for Syphilis.** *Lewis M. Drusin, Stephen D. Litwin, Donald Armstrong, Bruce P. Webster* 429

The American Journal of Medicine

VOLUME 56

NUMBER 4

CONTENTS

EDITORIAL

- Defect in Automatic Respiration in a Case of Multiple Sclerosis. Syed S. Rizvi, Sadamu Ishikawa, L. Jack Faling, Leslie Schlessinger, Jagat Satia, Brooke Seckel 433

CLINICAL STUDIES

- Tritiated Digoxin XXII. Absorption and Excretion in Malabsorption Syndromes. William H. Hall, James E. Doherty with the technical assistance of Jacquelyn Gammill and Joyce Sherwood 437
- Peripheral Neuropathy Presenting with Respiratory Insufficiency as the Primary Complaint. Problem of Recognizing Alveolar Hypoventilation Due to Neuromuscular Disorders. Richard L. Goldstein, Richard W. Hyde, Lowell W. Lapham, Kuddusi Gazioglu, Zsolt G. dePapp 443
- Extreme Hypocapnia in the Critically Ill Patient. James T. Mazzara, Stephen M. Ayres, William J. Grace 450
- Thyroid Disease in Children. A Survey of Subjects Potentially Exposed to Fallout Radiation. Marvin L. Rallison, Brown M. Dobyns, F. Raymond Keating, Joseph E. Rall, Frank H. Tyler 457
- Acute Bulbar Muscle Dysfunction and Hyperthyroidism. A Study of Four Cases and Review of the Literature. Gary M. Kammer, Carlos R. Hamilton, Jr. 464
- Response of Coronary Circulation to Cutaneous Cold. William A. Neill, D. Angus Duncan, Frank Kloster, Delmar J. Mahler 471
- Studies on Circulatory Response to Hypoxia in the Denervated Transplanted Human Heart. Anthony F. Graham, Donald C. Harrison, John S. Schroeder 477
- Acute Pancreatitis with Hyperlipemia. Evidence for a Persistent Defect in Lipid Metabolism. John L. Cameron, David M. Capuzzi, George D. Zuidema, Simeon Margolis 482
- Fatal Strongyloidiasis in Immunosuppressed Patients. David T. Putilo, Wayne M. Meyers, Daniel H. Connor 488

REVIEWS

- Miliary Tuberculosis. Steven A. Sahn, Thomas A. Neff 495
- Aspergillus Species Endocarditis. The New Face of a Not So Rare Disease. Robert B. Kammer, John P. Utz 506

CLINICOPATHOLOGIC CONFERENCE

- Crohn's Disease of the Colon (Washington University School of Medicine) 522

CASE REPORTS

- The Sleep Deprivation Syndrome of the Obese Patient. A Problem of Periodic Nocturnal Upper Airway Obstruction. Meir Kryger, Luis Felipe Quesney, Douglas Holder, Pierre Gloor, Peter MacLeod 531
- Adult Meningoencephalitis Caused by Herpesvirus Hominis Type 2. Robert E. Morrison, Michael H. Miller, Lynn W. Lyon, J. McLeod Griffiss, Malcolm S. Artenstein 540
- Fatal Disseminated Herpesvirus Hominis Type 2 Infection in an Adult with Associated Thymic Dysplasia. Albert L. Sutton, Elizabeth M. Smithwick, Stephen J. Seligman, Dong-Sung Kim 545
- Postpartum Amenorrhea, Diabetes Insipidus and Galactorrhea. Report of a Case and Review of the Literature. Edward Merker, Walter Futterweit 554
- Long-Term Pulmonary Blood Flow Alterations Following Relief of Partial Bronchial Obstruction. Nicholas Chiorazzi, Howard S. Weiss, Donald Margouleff, Stanley Farber, Stephen J. Gulotta 559
- Activation of Hageman Factor in the Nephrotic Syndrome. Louis G. Lange, III, Angelina Carvalho, Andranik Bagdasarian, Biswajit Lahiri, Robert W. Colman 565
- Massive Spontaneous Unilateral Hemothorax in Systemic Lupus Erythematosus. Dorothy Mulkey, Lloyd Hudson 570
- Persisting Renal Insufficiency After Methoxyflurane Anesthesia. Report of Two Cases and Review of Literature. D. Churchill, J. Knaack, E. Chirito, P. Barré, C. Cole, R. Muehrcke, M. H. Gault 575

The American Journal of Medicine

VOLUME 56

NUMBER 5

CONTENTS

ALEXANDER B. GUTMAN MEMORIAL ISSUE

Introduction. <i>Lloyd H. Smith, Jr.</i>	583
Production of Triiodothyronine in Normal Human Subjects and in Patients with Hyperthyroidism. Contribution of Intrathyroid Analysis. <i>Basil Rapoport, Sidney H. Ingbar</i>	586
Rheumatic Manifestations of Paget's Disease of Bone. <i>Walter A. Franck, Norman M. Bress, Frederick R. Singer, Stephen M. Krane</i>	592
Clinical Significance of the Human Acid Phosphatases. A Review. <i>Lung T. Yam</i>	604
Perspectives on Alkaline Phosphatase Isoenzymes. <i>William H. Fishman</i>	617
Metabolic Defects of Primary Hyperuricemia and Gout. <i>James B. Wyngaarden</i>	651
Influence of the Kidney Upon Urate Homeostasis in Health and Disease. <i>Richard E. Rieselbach, Thomas H. Steele</i>	665
Milestones in the Treatment of Gout. <i>Ts'ai-fan Yü</i>	676
Peer Review in Biomedical Publication. <i>Franz J. Ingelfinger</i>	686
Dr. Alexander B. Gutman—A Personal Appreciation. <i>Mortimer E. Bader, Richard A. Bader</i>	693

CLINICAL STUDIES

Renal Function in Cirrhosis and the Effects of Prostaglandin A ₁ . <i>Allen I. Arieff, Charles A. Chidsey</i> .	695
Diseases Associated with Calcium Pyrophosphate Dihydrate Crystal Deposition. A Controlled Study. <i>D. J. McCarty, D. C. Silcox, F. Coe, S. Jacobelli, E. Reiss, H. Genant, M. Ellman</i>	704

REVIEW

Acute Polyarticular Gout. <i>Nortin M. Hadler, Walter A. Franck, Norman M. Bress, Dwight R. Robinson</i> .	715
--	-----

CASE REPORTS

Cavitating Splenic Infarction. <i>Alan L. Rosenblum, Hugh Bonner, Jr., Michael S. Milder, Vee J. Brenner, Meredith A. Weinstein, Albert J. Cook, Paul P. Carbone</i>	720
Bacteroidaceae Bacteremia with Disseminated Intravascular Coagulation. <i>Thomas T. Yoshikawa, Anthony W. Chow, Lucien B. Guze</i>	725
Hereditary Neutrophilia. <i>William Benjamin Herring, Laurin Gresham Smith, Richard Isley Walker, John Carroll Herion</i>	729
Disseminated Herpes with Hepatoadrenal Necrosis in an Adult. <i>Thomas J. Joseph, Philip J. Vogt</i> . .	735
Megaloblastic Anemia Complicating Hyperalimentation Therapy. <i>Harold S. Ballard, John Lindenbaum</i>	740

The American Journal of Medicine

VOLUME 56

CONTENTS IN BRIEF

NUMBER 6

THIRD F. RAYMOND KEATTING, JR., MEMORIAL SYMPOSIUM—PARATHYROID HORMONE, CALCITONIN AND VITAMIN D: CLINICAL CONSIDERATIONS (Part I)

Introduction, <i>Claude D. Arnaud</i>	743
Hormonal Control of Skeletal and Mineral Homeostasis, <i>Howard Rasmussen, Philippe Bordier, Kiyoshi Kurokawa, Naokazu Nagata, Etsuro Ogata</i>	751
Recent Studies on the Chemistry of Human, Bovine and Porcine Parathyroid Hormones, <i>H. Bryan Brewer, Jr., Thomas Fairwell, Werner Rittel, Travis Littlelike, Claude D. Arnaud</i>	759
Biosynthesis of Parathyroid Hormone and Parathyroid Hormone. Chemistry, Physiology and Role of Calcium in Regulation. <i>David V. Cohn, Ronal R. MacGregor, Luke L. H. Chu, David W. Y. Huang, Constantine S. Anast, James W. Hamilton</i>	767
Metabolism of Parathyroid Hormone. Physiologic and Clinical Significance. <i>Gino V. Segre, Hugh D. Niall, Joel F. Habener, John T. Potts, Jr.</i>	774
Influence of Immunoheterogeneity of Circulating Parathyroid Hormone on Results of Radioimmunoassays of Serum in Man. <i>Claude D. Arnaud, Ralph S. Goldsmith, Philippe J. Bordier, Glen W. Sizemore with the technical assistance of Judith A. Larsen and Julianna Gilkinson</i>	785
Spectrum of Hyperparathyroidism. <i>Eric Reiss, Janet M. Canterbury</i>	794
Treatment of Primary Hyperparathyroidism. <i>Don C. Purnell, Donald A. Scholz, Lynwood H. Smith, Glen W. Sizemore, B. Marden Black, Ralph S. Goldsmith, Claude D. Arnaud</i>	800
Selective Arteriography, Venography and Venous Hormone Assay in Diagnosis and Localization of Parathyroid Lesions. <i>Harvey Eisenberg, Johanna Pallotta, Louis M. Sherwood</i>	810
Radioimmunoassay of Parathyroid Hormone in Hypercalcemic Patients with Malignant Disease. <i>Ralph C. Benson, Jr., B. Lawrence Riggs, Barbara M. Pickard, Claude D. Arnaud</i>	821
Prevention and Reversal of Progressive Secondary Hyperparathyroidism in Patients Maintained by Hemodialysis. <i>William J. Johnson, Ralph S. Goldsmith, John W. Beabout, Jenifer Jowsey, Patrick J. Kelly, Claude D. Arnaud</i>	827
Parathyroid Function in Human Vitamin D Deficiency and Vitamin D Deficiency in Primary Hyperparathyroidism. <i>G. A. Lumb, S. W. Stanbury</i>	833
Human Calcitonin. Immunologic Assay, Cytologic Localization and Studies on Medullary Thyroid Carcinoma. <i>Armen H. Tashjian, Jr., Hubert J. Wolfe, Edward F. Voelkel</i>	840
Effectiveness of Parathyroid Hormone, Calcitonin and Phosphate on Bone Cells in Paget's Disease. <i>Philippe Bordier, Howard Rasmussen, Henri Dorfmann</i>	850
Response of Paget's Disease to Porcine and Salmon Calcitonins. Effects of Long-Term Treatment. <i>Joseph DeRose, Frederick R. Singer, Avraam Avramides, Adelina Flores, Roman Dziadliw, Richard K. Baker, Stanley Wallach</i>	858
Treatment of Paget's Disease of Bone with Synthetic Human Calcitonin. Biochemical and Roentgenologic Changes. <i>P. B. Greenberg, F. H. Doyle, M. T. Fisher, C. J. Hillyard, G. F. Joplin, J. Pennock, I. MacIntyre</i>	867

(End of Part I. Part II will appear in the July Issue)

CLINICOPATHOLOGIC CONFERENCE

Marantic Endocarditis (Washington University School of Medicine)	871
--	-----

CASE REPORTS

Extensive Leukemic Infiltration of the Gastrointestinal Tract in Chronic Lymphosarcoma Cell Leukemia. <i>Vincent L. Fromke, Lowell W. Weber</i>	879
Acquired "Storage Pool Disease" of Platelets Associated with Circulating Antiplatelet Antibodies. <i>Joseph Zahavi, Victor J. Marder</i>	883
Familial Association of Metabolic Myopathy, Lactic Acidosis and Sideroblastic Anemia. <i>J. M. Rawles, R. O. Weller</i>	891

SUBJECT INDEX—VOLUME 56

E = Editorial; CPC = Clinicopathologic Conference; CSC = Clinicosociologic Conference; CCBSS = Combined Clinical and Basic Science Seminar

A

- Abruptio placenta in acute cortical necrosis, 110
- Abscess
 - appendiceal (CPC), 92
 - cerebral, technetium brain scanning in, 192
 - clostridial, of spleen complicating myeloid leukemia, 720
- Acid phosphatases, clinical significance of, 604
- Acidosis, lactic, sideroblastic anemia and myopathy, familial association of, 891
- Adenoviral pneumonia complicated by bacterial pneumonia, 169
- Adrenal insufficiency in South American blastomycosis, 209
- Adult meningoencephalitis caused by herpesvirus hominis type 2, 540
- Airway obstruction in obese patients, 531
- Alcoholic population, accidental hypothermia in, 13
- Alcoholism
 - and accidental hypothermia, 13
 - hematologic disorders in, 22
 - thrombocytopenia in, 22
- Alkaline phosphatase
 - effects of calcitonin on, 315
 - isoenzymes, perspectives on, 617
- Allopurinol in gout, 676
- Alveolar hypoventilation and peripheral neuropathy, 443
- Amenorrhea, postpartum, diabetes insipidus and galactorrhea, 554
- Amphotericin B in disseminated paracoccidioidomycosis, 209
- Anemia
 - autoimmune hemolytic, in children, 61
 - episodic hemolytic, due to IgM cold hemolysin, 417
 - megakoblastic, complication of hyperalimentation therapy, 740
 - sideroblastic, lactic acidosis and myopathy, familial association of, 891
- Anergy in leukocytosis, 323
- Anesthesia, methoxyflurane, associated with renal insufficiency, 575
- Aneurysm, ventricular, caused by steroid therapy during myocardial infarction, 244
- Angina pectoris
 - surgery in (E), 1
 - variant, caused by coronary artery spasm, 269
- Angioedema, hereditary, and familial lupus erythematosus in identical twin boys, 306
- Angiomyolipoma, renal, without central nervous system involvement, 124
- Ankylosing spondylitis with mitral and aortic regurgitation, 237

- Antibiotic therapy for *Streptococcus bovis* endocarditis, 256
- Antibodies, circulating antiplatelet, in acquired storage pool disease, 883
- Antibody, maternal, to fetal light chain (Inv) antigens, 393
- Antibody titers in polymyositis, 186
- Antithymocyte antiserum effects in man, 290
- Aortic regurgitation in ankylosing spondylitis, 237
- Appendix, perforation with massive retroperitoneal abscess (CPC), 92
- Arginine as testing agent for human growth hormone release, 179
- Arrhythmia, atrial, with congenital cardiomyopathy, mitral regurgitation and complete heart block, 261
- Arteriography, selective, in diagnosis and localization of parathyroid lesions, 810
- Arthritis, gouty, 676
 - in Paget's disease of bone, 592
- Articular chondrocalcinosis, 704
 - hereditary type of, 307
 - in Paget's disease of bone, 592
- Aspergillus species endocarditis, 506
- Aspiration pneumonia, bacteriology of, 202
- Atrial arrhythmia with congenital cardiomyopathy, mitral regurgitation and complete heart block, 261
- Atrial standstill, persistent, 231
- Autoimmune hemolytic anemia in children, 61
- Autopsy assessment of medical care (E), 137
- Azathioprine
 - in chronic idiopathic thrombocytopenic purpura, 4
 - toxic effects of single massive dose, 133
- Azotemia
 - and pulmonary calcification, 103
 - in progressive systemic sclerosis, 119

B

- Bacteremia, Bacteroidaceae, with disseminated intravascular coagulation, 725
- Bacterial endocarditis, surgical treatment of, 357
- Bacterial pneumonia complicating adenoviral pneumonia, 169
- Bacteriology of aspiration pneumonia, 202
- Bacteroidaceae bacteremia with disseminated intravascular coagulation, 725
- Basement membrane defect in hereditary nephritis, 44
- Biliary tract, stone formation in (E), 141
- Biomedical publication, peer review in, 686
- Blastomycosis, South American, in the United States, 209
- Blood
 - flow alterations following relief of partial bronchial obstruction, 559

Blood

platelets, effect of ethanol on hemostatic properties of, 22

Bone

cells in Paget's disease, effect of parathyroid hormone, calcitonin and phosphate on, 850

disease, serum alkaline phosphatase in, 617

Paget's disease of

effects of synthetic salmon calcitonin on, 315

rheumatic manifestations of, 592

treated with synthetic human calcitonin, 867

pain, effects of calcitonin on, 315

Brain

abscess, technetium brain scanning in diagnosis and management, 192

scanning, technetium, in cerebral abscess, 192

Bronchial obstruction, blood flow alterations following relief of, 559

Brush biopsy in miliary tuberculosis, 495

Bundle branch block, intermittent left, effect on left ventricular performance, 251

Butazolidin for acute gouty arthritis, 676

C

Calcification in articular chondrocalcinosis, 307

Calcitonin

effect on bone cells in Paget's disease, 850, 867

human

in medullary thyroid carcinoma, 840

in treatment of Paget's disease of bone, 867

porcine, response of Paget's disease to, 858

relation to parathyroid hormone and vitamin D, 751

salmon, effects in Paget's disease of bone, 315, 858

therapy in Paget's disease, 315, 858, 867

Calcium

in regulation of biosynthesis of parathyroid and parathyroid hormones, 767

pyrophosphate dihydrate crystal deposition, diseases associated with, 704

Carbon dioxide, partial pressure of, effect on renal bicarbonate and potassium excretion, 151

Carcinoma

hepatocellular, 83

medullary thyroid, and human calcitonin, 840

Cardiac arrest

hyperosmolar states following, 162

in critically ill, 162

Cardiomyopathy, congenital, with mitral regurgitation, complete heart block and atrial arrhythmia, 261

Cardiopulmonary resuscitation, use of sodium bicarbonate in, 162

Cardiovascular surgery and Aspergillus species endocarditis, 506

Cavitating splenic infarction, 720

Central nervous system involvement, absence in renal angiomyolipoma, 124

Cerebral abscess, technetium brain scanning in, 192

Cerebrospinal fluid, isolation of herpesvirus hominis type 2 from, 540

Chemoprophylaxis against bacterial pneumonia, 169

Chemotherapy for miliary tuberculosis, 495

Children, thyroid disease in, 457

Chondrocalcinosis, articular, 704

hereditary type of, 307

in Paget's disease of bone, 592

Circulatory response to hypoxia, 477

Cirrhosis, renal function in, and response to prostaglandin A₁, 695

Clinicopathologic Conferences

Appendiceal abscess, 92

Crohn's disease of colon, 522

Disseminated eosinophilic collagen disease, 221

Marantic endocarditis, 871

Clinicosociologic Conference

Hypertension, 370

Clostridial abscess of spleen complicating myeloid leukemia, 720

Coagulopathy, disseminated intravascular, in acute cortical necrosis, 110

Coagulation, disseminated intravascular, with Bacteroides bacteremia, 725

Colchicine in gouty arthritis, 676

Cold

cutaneous, response of coronary circulation to, 471

hemolysis, IgM, cause of episodic hemolytic anemia, 417

Colitis (CPC), 522

Collagen disease, disseminated eosinophilic (CPC), 221

Colon

Crohn's disease of (CPC), 522

descending, mucosal ulceration and necrosis of (CPC), 522

Combined Clinical and Basic Science Seminars

Gonococcal disease, 347

Proteinuria, 71

Complement deficiency and systemic lupus erythematosus, 406

Congenital cardiomyopathy with mitral regurgitation, complete heart block and atrial arrhythmia, 261

Coronary artery spasm as cause of variant angina pectoris, 269

Coronary circulation, response to cutaneous cold, 471

Cortical necrosis, acute, 110

Corticosteroid therapy

for Dressler's syndrome complicating myocardial infarction, 244

in plasma cell interstitial pneumonia and macroglobulinemia, 398

Crohn's disease of colon (CPC), 522

Cyclophosphamide

in plasma cell interstitial pneumonia and macroglobulinemia, 398

in thrombocytopenic purpura, 4

D

Diabetes insipidus, galactorrhea and postpartum amenorrhea, 554

Digoxin, tritiated, in malabsorption syndromes, 437

Duchenne muscular dystrophy, pulmonary function in, 297

Duodenum, diffuse lymphoid infiltration of, with monoclonal gammopathy of IgG₃ kappa type, 381

Dysplasia

- fibromuscular, of renal artery with medial dissection, 412
- thymic, and herpesvirus hominis type 2 infection, 545

E

Editorials

- A logical approach to the diagnosis of renal transplant rejection; immunologic, ischemic and inflammatory impairment of renal function, 275
- Defect in automatic respiration in case of multiple sclerosis, 433
- Evaluation of surgery in angina pectoris, 1
- Metastable supersaturation. Physicochemical studies provide new insights into formation of renal and biliary tract stones, 141
- The autopsy and quality assessment of medical care, 137

Endocarditis

- Aspergillus species, 506
- bacterial, surgical treatment of, 357
- caused by *Streptococcus bovis*, 256
- marantic (CPC), 871

Environmental factors in familial nephrotic syndrome, 34

Erythematosus, lupus

- and hereditary angioedema in identical twin boys, 306
- unilateral hemothorax in, 570

Ethanol, effect on human blood platelets, 22

F

- Fallout radiation, effect on thyroid disease in children, 457
- Familial lupus erythematosus and hereditary angioedema in identical twin boys, 306
- Familial nephrotic syndrome, 34
- Fat absorption, relation of alkaline phosphatase to, 617
- Fetal light chain (Inv) antigens, maternal antibody to, 393
- Fibromuscular dysplasia simulating polyarteritis nodosa, 412
- Folate deficiency as cause of megaloblastic anemia during hyperalimentation therapy, 740

G

- Galactorrhea, diabetes insipidus and postpartum amenorrhea, 554
- Gammopathy, monoclonal, of IgG₃ kappa type with diffuse lymphoid infiltration, 381
- Gastrointestinal tract, leukemic infiltration in lymphosarcoma cell leukemia, 879
- Genetic analysis in familial nephrotic syndrome, 34
- Glomerular basement membrane defect in hereditary nephritis, 44
- Glomerular dysfunction in proteinuria (CCBSS), 71
- Glomerulonephritis
 - acute
 - hyperimmune responses in, 333
 - long-term prognosis in, 52
 - endocapillary, with and without humps, 52
- Goat antithymocyte serum, immunobiochemical effects of, 290
- Gonococcal disease (CCBSS), 347

Gout

- acute polyarticular, 715
- hypoxanthine-guanine phosphoribosyltransferase in, 651
- manifesting as acute polyarthritis, 715
- metabolic defects of, 651
- milestones in treatment of, 676
- phosphoribosylpyrophosphate in, 651
- tophaceous, 676
- with polyarticular onset, 715

Gouty arthritis

- acute, 676
- in Paget's disease of bone, 592

Gutman, Alexander B., memorial issue, 583-694

Gutman, Dr. Alexander B., a personal appreciation, 693

H

Hageman factor in nephrotic syndrome, 565

Healing, delayed, of myocardial infarction caused by steroid therapy, 244

Heart

- block, complete, with congenital cardiomyopathy, mitral regurgitation and atrial arrhythmia, 261
- denervated transplanted human, circulatory response to hypoxia in, 477

Hematologic effects of antithymocyte antisera, 290

Hemodialysis, secondary hyperparathyroidism in patients maintained by, 827

Hemodynamic responses to cutaneous cold, 471

Hemolysin, low molecular weight IgM cold, cause of anemia with episodic lymphadenitis, 417

Hemolytic anemia with episodic lymphoid granulomatous vasculitis due to low molecular weight IgM cold hemolysin, 417

Hemostatic properties of human blood platelets, effect of ethanol, on, 22

Hemothorax in systemic lupus erythematosus, 570

Heparin therapy in disseminated intravascular coagulation, 725

Hepatic disorders, serum alkaline phosphatase in, 617

Hepatoadrenal necrosis with disseminated herpes, 735

Hepatoma, clinical manifestations of, 83

Hereditary angioedema and "familial" lupus erythematosus in identical twin boys, 406

Hereditary nephritis with characteristic renal lesions, 44

Hereditary neutrophilia, 729

Herpes simplex with hepatoadrenal necrosis, 735

Herpesvirus hominis type 2

- cause of adult meningoencephalitis, 540
- infection and thymic dysplasia, 545
- isolated from cerebrospinal fluid, 540

Herpesvirus in renal transplant patients, 280

Hormonal control of skeletal and mineral homeostasis, 751

Hormone

- see also Human growth hormone

Parathyroid hormone

- proparathyroid, biosynthesis of, 767
- parathyroid, human, bovine and porcine, 759
- Human growth hormone release, comparison of provocative test procedures, 179

Hydroxyproline, effects of calcitonin on, 315
 Hyperalimentation therapy complicated by megaloblastic anemia, 740
 Hypercalcemia and malignant disease, radioimmunoassay of parathyroid hormone in patients with, 821
 Hypercapnia, renal response to mechanical ventilation in, 151
 Hyperlipemia with pancreatitis, 482
 Hyperosmolar states after cardiac arrest, 162
 Hyperparathyroidism
 primary
 treatment of, 800
 vitamin D deficiency in, 833
 secondary, in patients maintained by hemodialysis, 827
 spectrum of, 794
 Hyperplasia, juxtaglomerular, in systemic sclerosis complicated by renal failure, 119
 Hyperreninemia in systemic sclerosis complicated by renal failure, 119
 Hypertension (CPC), 370
 Hyperthyroidism
 with bulbar muscle dysfunction, propranolol therapy in, 464
 triiodothyronine production in, 586
 Hyperuricemia, 676
 and gout, 651
 in Paget's disease of bone, 592
 primary, metabolic defects of, 651
 Hypocapnia, in critically ill patients, 450
 Hypoglycemia, insulin-induced, as test agent for human growth hormone release, 179
 Hypoglycorrachia associated with meningoencephalitis, 540
 Hypothermia, accidental, in alcoholic population, 13
 Hypoventilation
 alveolar, and peripheral neuropathy, 443
 in Pickwickian syndrome, 144
 Hypoxanthine-guanine phosphoribosyltransferase, role in gout, 651
 Hypoxia, circulatory response to, in denervated transplanted human heart, 477

I

Immunization by fetal Inv antigens, 393
 Immunoglobulin M cold hemolysin as cause of hemolytic anemia with episodic lymphoid disease, 417
 Immunologic effects of antithymocyte antisera, 290
 Immunosuppressive therapy of thrombocytopenic purpura, 4
 Indocin for acute gouty arthritis, 676
 Indomethacin for acute gouty arthritis, 676
 Infarction
 cavitating splenic, 720
 myocardial, steroid therapy during, 244
 Insulin tolerance tests for determining human growth hormone release, 179
 Intestines, diffuse lymphoma of, with monoclonal gammopathy of IgG₃ kappa type, 381
 Iodine analysis, intrathyroid, of triiodothyronine production, 586
 Isoenzymes, classification of, 617

J

Joint attacks in articular chondrocalcinosis, 307
 Juxtaglomerular hyperplasia in systemic sclerosis complicated by renal failure, 119

K

Keating, F. Raymond Jr., third memorial symposium—parathyroid hormone, calcitonin and vitamin D: clinical considerations (part I), 743-870
 Kidney
 see also Renal
 influence upon urate homeostasis, 665
 normal, handling of proteins by (CCBSS), 71
 transplant, rejection of (E), 275
 tubular necrosis of (CPC), 92

L

Lactic acidosis, sideroblastic anemia and myopathy, familial association of, 891
 L-Dopa stimulation test of human growth hormone release, 179
 Leukemia
 lymphosarcoma cell, with leukemic infiltration of gastrointestinal tract, 879
 myeloid, complicated by clostridial abscess of spleen, 720
 Leukemic infiltration of gastrointestinal tract in lymphosarcoma cell leukemia, 879
 Leukocytosis, anergy in, 323
 Levodopa as a pituitary test agent, 179
 Lipid metabolism, persistent defect in, 482
 Lung
 see also Pulmonary
 infection following aspiration, 202
 metastatic calcification of, in azotemic patient, 103
 Lupus erythematosus
 familial, and hereditary angioedema in identical twin boys, 306
 systemic, massive spontaneous unilateral hemothorax in, 570
 Lymphadenitis, episodic localized, and concurrent acute autoimmune hemolytic anemia, 417
 Lymphocytic pleocytosis associated with meningoencephalitis, 540
 Lymphoid disease and autoimmune hemolytic anemia due to IgM cold hemolysin, 417
 Lymphoma
 atypical, with systemic remission after splenectomy, 386
 diffuse intestinal, with monoclonal gammopathy of IgG₃ kappa type, 381
 Lymphosarcoma cell leukemia with leukemic infiltration of gastrointestinal tract, 879

M

Macroglobulinemia
 and plasma cell interstitial pneumonia, 398
 Waldenström's, in patient with chronic biologic false-positive serologic test for syphilis, 429
 Malabsorption syndromes, tritiated digoxin in, 437

SUBJECT INDEX

Malignant disease and hypercalcemia, radioimmunoassay of parathyroid hormone in patients with, 821
 Marantic endocarditis (CPC), 871
 Maternal antibody to fetal light chain (Inv) antigens, 393
 Mechanical ventilation, renal response in chronic hypercapnia, 151
 Medical care, autopsy and quality assessment of (E), 137
 Medullary thyroid carcinoma, human calcitonin in, 840
 Meningoencephalitis, adult, caused by herpesvirus hominis type 2, 540
 Methoxyflurane anesthesia, persisting renal insufficiency after, 575
 Miliary tuberculosis, 495
 Mineral homeostasis, hormonal control of, 751
 Mitral regurgitation
 congenital cardiomyopathy, complete heart block and atrial arrhythmia, 261
 in ankylosing spondylitis, 237
 Mitral valve replacement followed by *Aspergillus flavus* endocarditis, 506
 Monoclonal gammopathy of IgG₃ kappa type with diffuse lymphoid infiltration, 381
 Mortality, in-hospital, in Pickwickian syndrome, 144
 Muscle dysfunction, acute bulbar, and hyperthyroidism, 464
 propranolol therapy in, 464
 Muscular dystrophy, Duchenne, pulmonary function in, 297
 Musculoskeletal pain in Paget's disease of bone, 592
 Myeloid leukemia complicated by clostridial abscess of spleen, 720
 Myocardial infarction, steroid therapy during, 244
 Myopathy, lactic acidosis and sideroblastic anemia, familial association of, 891

N

Nagao isoenzyme, 617
 Necrosis
 cortical, 110
 hepatoadrenal, with disseminated herpes, 735
 tubular of kidneys (CPC), 92
 Nephritis
 hereditary, with characteristic renal lesion, 44
 streptococcal immune responses in, after skin infection, 333
 Nephrotic syndrome
 activation of Hageman factor in, 565
 familial, 34
 Neuromuscular disorders as cause of alveolar hypoventilation, 443
 Neuropathy, peripheral, presenting with respiratory insufficiency, 443

O

Obese, sleep deprivation syndrome of, 531
 Obesity
 respiratory complications of, 144
 somnia in, 531
 Oxyphenbutazone for acute gouty arthritis, 676

P

Paget's disease
 bone cells in, effectiveness of parathyroid hormone, calcitonin and phosphate on, 850

 effects of synthetic salmon calcitonin on, 315
 pain syndromes in, 592
 response to porcine and salmon calcitonins, 858
 rheumatic manifestations of, 592
 treated with synthetic human calcitonin, 867
 Pain syndromes in Paget's disease of bone, 592
 Pancreatitis with hyperlipemia, 482
 Paracoccidioidomycosis, disseminated, in the United States, 209
 Parathyroid function in vitamin D deficiency, 833
 Parathyroid hormone
 biosynthesis of, 767
 bovine, chemistry of, 759
 chemistry of, 759, 767
 circulating, immunoheterogeneity of, 785
 effect on bone cells in Paget's disease, 850
 human, chemistry of, 759
 metabolism of, 774
 porcine, chemistry of, 759
 radioimmunoassay in hypercalcemic patients with malignant disease, 821
 relation to calcitonin and vitamin D, 751
 role of calcium in production of, 767
 Parathyroid lesions, selective arteriography, venography and venous hormone assay in diagnosis and localization of, 810
 Peer review in biomedical publication, 686
 Penicillin therapy for *Streptococcus bovis* endocarditis, 256
 Percutaneous needle lung biopsy in miliary tuberculosis, 495
 Peripheral neuropathy and alveolar hypoventilation, 443
 Phenylbutazone (Butazolidin) for acute gouty arthritis, 676
 Phosphate, effect on bone cells in Paget's disease, 850
 Phosphoribosylpyrophosphate, role in gout, 651
 Pickwickian syndrome, in-hospital mortality in, 144
 Pituitary testing agents, comparison of, 179
 Placental alkaline phosphatase, genetics of, 617
 Plasma cell interstitial pneumonia and macroglobulinemia, 398
 Plasma renin activity in systemic sclerosis, 119
 Platelet aggregation in storage pool disease, 883
 Platelet function in alcohol-related thrombocytopenia, 22
 Pleocytosis, lymphocytic, and meningoencephalitis, 540
 Pneumonia
 adenoviral, complicated by bacterial pneumonia, 169
 aspiration, bacteriology of, 202
 bacterial, complicating adenoviral pneumonia, 169
 plasma cell interstitial, and macroglobulinemia, 398
 Polyarteritis nodosa, fibromuscular dysplasia simulating, 412
 Polyarthritis, gout manifesting as, 715
 Polymyositis, serologic evidence of toxoplasmosis in, 186
 Porcine calcitonin, response of Paget's disease to, 858
 Postpartum amenorrhea, diabetes insipidus and galactorrhea, 554
 Potassium excretion, effect of partial pressure of carbon dioxide on, 151
 Prednisone therapy for plasma cell interstitial pneumonia and macroglobulinemia, 393
 Pregnancy and serum alkaline phosphatase, 617

SUBJECT INDEX

Prinzmetal's variant angina caused by coronary artery spasm, 269
 Probenecid in tophaceous gout, 676
 Parathyroid hormone, biosynthesis of, 767
 Propranolol therapy in hyperthyroidism with bulbar muscle dysfunction, 464
 Prostaglandin A₁, renal function in cirrhosis and response to, 695
 Proteins, handling by normal kidney (CCBSS), 71
 Proteinuria (CCBSS), 71
 Pulmonary blood flow in partial bronchial obstruction, 559
 Pulmonary function in Duchenne muscular dystrophy, 297
 Pulmonary infection following aspiration, 202
 Pulmonary metastatic calcification and azotemia, 103
 and chronic pyelonephritis, 103
 Purine biosynthesis, regulation of, 651
 Pyelonephritis and pulmonary metastatic calcification, 103
 Pyoderma, streptococcal, and glomerulonephritis, 333
 Pyrazinamide suppression test, evaluation of, 665

R

Radiation, fallout, effect on thyroid disease in children, 457
 Radioimmunoassay
 of parathyroid hormone in hypercalcemic patients with malignant disease, 821
 of serum, influence of immunoheterogeneity of circulating parathyroid hormone on results, 785
 Regan isoenzyme, 617
 Regurgitation
 aortic and mitral, in ankylosing spondylitis, 237
 mitral, with congenital cardiomyopathy, complete heart block and atrial arrhythmia, 261
 Remission, systemic, after splenectomy in atypical lymphoma, 386
 Renal allograft rejection and virus infections, 280
 Renal angiomyolipoma without central nervous system involvement, 124
 Renal artery, fibromuscular dysplasia of, 412
 Renal bicarbonate, effect of partial pressure of carbon dioxide on, 151
 Renal disease of man, proteinuria in (CCBSS), 71
 Renal failure in progressive systemic sclerosis, 119
 Renal function
 immunologic, ischemic and inflammatory impairment of (E), 275
 in cirrhosis and response to prostaglandin A₁, 695
 Renal insufficiency after methoxyflurane anesthesia, 575
 Renal involvement in tuberous sclerosis, 124
 Renal response to ventilation in hypercapnia, 151
 Renal stones, formation of (E), 141
 Renal transplant patients, immunosuppressed, herpesvirus in, 280
 Renal transplant rejection, diagnosis of (E), 275
 Renal tubular disorders proteinuria (CCBSS), 71
 Renal tubular disorders in proteinuria (CCBSS), 71
 Renin-angiotensin system in systemic sclerosis, 119
 Respiration in multiple sclerosis (E), 433
 Respiratory complications of obesity, 144
 Respiratory failure in Pickwickian syndrome, 144
 Respiratory insufficiency in peripheral neuropathy, 443
 Reviewing system of biomedical journals, 686

Rewarming methods in accidental hypothermia, 13
 Rheumatic manifestations of Paget's disease of bone, 592

S

Salmon calcitonin, response of Paget's disease to, 315, 858
 Sclerosis
 multiple, defective respiration in (E), 433
 systemic, juxtaglomerular hyperplasia and hyperreninemia complicated by renal failure, 119
 tuberous, renal involvement in, 124
 Sideroblastic anemia, lactic acidosis and myopathy, familial association of, 891
 Skeletal homeostasis, hormonal control of, 751
 Skin infection, streptococcal immune responses to nephritis after, 333
 Sleep deprivation syndrome of obese, 531
 Sodium bicarbonate in cardiopulmonary resuscitation, 162
 Somnolence in obese patients, 531
 South American blastomycosis in the United States, 209
 Spinal involvement in articular chondrocalcinosis, 307
 Spleen, clostridial abscess of, complicating myeloid leukemia, 720
 Splenectomy, prolonged systemic remission of atypical lymphoma after, 386
 Splenic infarction, cavitating, 720
 Spondylitis, ankylosing, mitral and aortic regurgitation in, 237
 Stomach, diffuse lymphoid infiltration of, and monoclonal gammopathy of IgG₃ kappa type, 381
 Storage pool disease, acquired, of platelets associated with circulating antiplatelet antibodies, 883
 Streptococcal immune responses in nephritis after skin infection, 333
 Streptococcus bovis endocarditis, 256
 Strongyloidiasis, fatal, in immunosuppressed patients, 488
 Symposia
 Dr. Alexander B. Gutman Memorial Issue, 583-694
 Clinical significance of the human acid phosphatases; a review, 604
 Dr. Alexander B. Gutman—A personal appreciation, 693
 Influence of the kidney upon urate homeostasis in health and disease, 665
 Introduction, 583
 Metabolic defects of primary hyperuricemia and gout, 651
 Milestones in the treatment of gout, 676
 Peer review in biomedical publication, 686
 Perspectives on alkaline phosphatase isoenzymes, 617
 Production of triiodothyronine in normal human subjects and in patients with hyperthyroidism; contribution of intrathyroid iodine analysis, 586
 Rheumatic manifestations of Paget's disease of bone, 592
 Third F. Raymond Keating, Jr., Memorial Symposium—Parathyroid Hormone, Calcitonin and Vitamin D: Clinical Considerations (Part I), 743-870
 Biosynthesis of parathyroid hormone and parathyroid hormone; chemistry, physiology and role of calcium in regulation, 767

Symposia

- Third F. Raymond Keating, Jr., Memorial Symposium—
Parathyroid Hormone, Calcitonin and Vitamin D:
Clinical Considerations (Part I), 743–870
- Effectiveness of parathyroid hormone, calcitonin and
phosphate on bone cells in Paget's disease, 850
- Hormonal control of skeletal and mineral homeosta-
sis, 751
- Human calcitonin; immunologic assay, cytologic lo-
calization and studies on medullary thyroid carcino-
ma, 840
- Influence of immunoheterogeneity of circulating para-
thyroid hormone on results of radioimmunoassays
of serum in man, 785
- Introduction, 743
- Metabolism of parathyroid hormone; physiologic and
clinical significance, 774
- Parathyroid function in human vitamin D deficiency
and vitamin D deficiency in primary hyperparathy-
roidism, 833
- Prevention and reversal of progressive secondary hy-
perparathyroidism in patients maintained by hemo-
dialysis, 827
- Radioimmunoassay of parathyroid hormone in hyper-
calcemic patients with malignant disease, 821
- Recent studies on the chemistry of human, bovine
and porcine parathyroid hormones, 759
- Response of Paget's disease to porcine and salmon
calcitonin; effects of long-term treatment, 858
- Selective arteriography, venography and venous hor-
mone assay in diagnosis and localization of para-
thyroid lesions, 810
- Spectrum of hyperparathyroidism, 794
- Treatment of Paget's disease of bone with synthetic
human calcitonin; biochemical and roentgenologic
changes, 867
- Treatment of primary hyperparathyroidism, 800
- Sulfipyrazone in tophaceous gout, 676
- Supersaturation, metastable (E), 141
- Surgery
 - in angina pectoris, evaluation of (E), 1
 - in primary infective endocarditis, 357
- Syphilis, chronic biologic false-positive serologic test for,
and Waldenström's macroglobulinemia, 429

T

- Tandearil for acute gouty arthritis, 676
- Technetium brain scanning in cerebral abscess, 192
- Tetracycline, effect in bacterial pneumonia complicating
adenoviral pneumonia, 169

- T₃-toxicosis, course of, 586
- Thrombocytopenia in alcoholism, 22
- Thrombocytopenic purpura, chronic idiopathic, immuno-
suppressive therapy of, 4
- Thymic dysplasia and fatal disseminated herpesvirus homi-
nis type 2 infection, 545
- Thyroid
 - carcinoma, medullary, and human calcitonin, 840
 - disease in children, effect of radiation fallout on, 457
- Toxoplasmosis in polymyositis, 186
- Triiodothyronine toxicosis, course of, 586
- Tritiated digoxin in malabsorption syndromes, 437
- Tuberculosis, miliary, 495
- Tubular dysfunction in proteinuria (CCBSS), 71
- Tumor
 - see also Carcinoma
 - alkaline phosphatase, 617

U

- Urate homeostasis, influence of kidney upon, 665
- Uric acid nephropathy, 676

V

- Valve replacement in bacterial endocarditis, 357
- Vasculitis, episodic lymphoid granulomatous, associated
with autoimmune hemolytic anemia and low mo-
lecular weight IgM cold hemolysin, 417
- Venography in diagnosis and localization of parathyroid le-
sions, 810
- Venous hormone assay in diagnosis and localization of
parathyroid lesions, 810
- Ventilation, renal response to, in hypercapnia, 151
- Ventilatory failure, progressive, in obesity, 144
- Ventilatory studies in Duchenne muscular dystrophy, 297
- Ventricle, left, effect of left bundle branch block on perfor-
mance of, 251
- Ventricular aneurysm caused by steroid therapy during
myocardial infarction, 244
- Virus infections and renal allograft rejection, 280
- Visceral involvement in South American blastomycosis,
209
- Vitamin D deficiency
 - in primary hyperparathyroidism, 833
 - parathyroid function in, 833
 - relation to parathyroid hormone and calcitonin, 751

W

- Waldenström's macroglobulinemia in patient with chronic
biologic false-positive serologic test for syphilis,
429

SUBJECT INDEX—VOLUME 57

E = Editorial; CPC = Clinicopathologic Conference; CSC = Clinicosociologic Conference; CCBSS = Combined Clinical and Basic Science Seminar

A

- Abdominal angiography in diagnosis of hepatic abscess, 601
- Abdominal involvement at onset of Hodgkin's disease, 871
- Abdominal lymph node involvement by lymphocytic lymphoma (CPC), 801
- Abdominal viscera, amyloidosis of (CPC), 127
- Abscess
 - brain, treated with trimethoprim and sulfamethoxazole, 671
 - hepatic, changes in clinical, bacteriologic and therapeutic aspects of, 601
- Acetazolamide in thyrotoxic periodic paralysis, 584
- Acid base disturbances
 - see also Acidosis
 - Alkalosis
 - metabolic, resting ventilation in, 361
- Acidosis, renal, in selective hypoaldosteronism, 809
- Acromegaly, cryohypophysectomy for, 526
- Acrylamide gel electrophoresis in detecting PZ and MP phenotypes, 210
- Adenoma
 - islet cell (CPC), 611
 - pituitary, Cushing's disease with cure by resection of, 826
- Adenomatosis, multiple endocrine, and parathyroid carcinoma, 642
- Adrenalectomy in treatment of breast cancer in men, 679
- Adrenocorticotropin in Cushing's disease, 949
- Age, changes in gonadotropin levels with, 761
- Aging and androgenic function, relation between, 761
- Airborne infection, 466
- Air disinfection, ultraviolet, 466
- Airway disease, small, peripheral airway function in, 171
- Airway resistance in chronic obstructive lung disease, 183
- Airways obstruction in chronic bronchitis, morphology of, 506
- Alcohol, pulmonary effects versus those of cigarette smoking and liver cirrhosis, 69
- Alcoholics, bronchitis and dyspnea in, 69
- Aldehyde production in ethylene glycol poisoning, 143
- Alkaline hemoglobin electrophoretic patterns in hemoglobin S-G (S-D) syndrome, 665
- Alkalosis, respiratory, mediated by biologically active substances released from lung, 453
- Alkylating drugs, development of erythroleukemia after prolonged therapy with, 836
- Alpha₁-antitrypsin deficiency, 210
- Alveolitis, fibrosing, in polymyositis, 621
- Amyloidoma of lung and bullous disease of skin, 978
- Amyloidosis
 - of abdominal and thoracic viscera (CPC), 127
 - with involvement of gastrointestinal tract, and thoracic and abdominal lymph nodes (CPC), 127
- Anaphylaxis, role of lung in, 453
- Androgenic function and aging, relation between, 761
- Androgen metabolism in pure gonadal dysgenesis, 957
- Androstenedione, conversion to testosterone by gonadoblastoma cells and germinoma cells, 957
- Anemia
 - congenital dyserythropoietic, with increased red cell lipids, 912
 - iron deficiency, thrombopoiesis in (E), 521
 - symptomatic, in home dialysis patients, 789
- Angiography
 - abdominal, in diagnosis of hepatic abscess, 601
 - coronary, and lipoprotein typing, 897
- Angiomyolipoma presenting as fever of unknown origin, 843
- Antibiotics
 - prolonged therapy with, for hepatic abscess, 601
 - role in *Torulopsis glabrata* renal infection, 217
 - susceptibility to, of gram-negative bacilli isolated from blood cultures, 225
- Antibodies, antibasement membrane, bullous pemphigoid and lymphocytic leukemia, 987
- Antigens
 - capsular, pathogenetic role in fulminant pneumococcal disease with disseminated intravascular coagulation, 889
 - inhaled, response of lung to, 476
- Antimicrobial agents in gram-negative bacilli infections, 225
- Antimicrobial susceptibility of organisms in endocarditis, 239
- Aorta, ulcerated atheromatous plaque of, in malignant hypertension, 135
- Aortic valve, anatomy and motion evaluated by echocardiography, 267
- Arterial compliance, pulmonary, effect of hypervolemia on, 395
- Arthritis
 - in hepatitis, 655
 - rheumatoid (CSC), 285
- Artificial kidneys, hollow fiber, for evening home dialysis, 706
- Asian influenza, airborne transmission of, 466
- Aspergillosis, inhaled antigens as cause, 476
- Asthma
 - diffusing capacity and ventilation:perfusion in, 767
 - isocyanate, inhaled antigens as cause, 476

- Asthma
occupational, 476
- Atheromatous embolism in malignant hypertension, 135
- Atrial myxoma, left, echocardiography in detection of, 267
- Atrioventricular block
echocardiography in determining cause, 299
pseudoatrial gallop with, 299
- Australia antigen in synovial membranes of patients with arthritis and hepatitis, 655
- Autoantibody responses in acute viral hepatitis and liver disease, 546
- Autoimmune disease and cryoglobulinemia, 775
- Autoimmunity and B cell malignancy with hyperimmunoglobulinemia, 631
- Autonomic complications in tetanus, 303
- Azathioprine, acute myelogenous leukemia in patients treated with, 885

B

- Bacteria of bowel origin as cause of hepatic abscess, 601
- Bagassosis, inhaled antigens as cause, 476
- B-cell immunoproliferative disorders, development of erythroleukemia after alkylating drug therapy, 836
- B cell malignancy with hyperimmunoglobulinemia in discoid lupus erythematosus, 631
- Bernard-Soulier syndrome, 920
- Bicarbonate in control of ventilation, 361
- Bicarbonaturia in selective hypoaldosteronism, 809
- Bird fancier's lung disease, inhaled antigens as cause, 476
- Blood
cultures, antibiotic susceptibility of gram-negative bacilli isolated from, 225
flow
effect of dextran on, 395
pulmonary, effect of hypervolemia on, 395
regional pulmonary
in left heart valvular disease, 421
vasomotor regulation in normal and disease states, 378
gas disturbances in disease, 349
loss, thrombopoiesis in (E), 521
volume
effect of dextran on, 395
total, effect of obesity on, 402
- Body composition studies, clinical potential in (E), 683
- Bone
disease in home dialysis patients, 789
marrow changes in leukemic reticuloendotheliosis, 115
metabolism, role of vitamin D₃ in, 13
- Brain abscess due to *Nocardia asteroides* treated with trimethoprim and sulfamethoxazole, 671
- Breast cancer in men, value of endocrine ablation, 679
- Bronchial component in obstructive lung disease, 183
- Bronchitis
chronic, morphologic study of, 506
in alcoholics, 69
industrial, prediction and potential prevention of, 192
symptoms in coke oven workers, 192
- Bronchus, intubation of right mainstem, complication of assisted ventilation, 161

- Bullous disease of skin and amyloidoma of lung, 978
- Bullous pemphigoid in lymphocytic leukemia with ant basement membrane antibodies, 987
- Byssinosis, inhaled antigens as cause, 476

C

- Calciferol
see also Cholecalciferol
Vitamin D₃
disease states in man related to, 21
- Calcium
homeostasis and vitamin D₃, 21
metabolism, short-term effects of vitamin D₃ on, 28
phosphorus and 25-hydroxyvitamin D concentrations, 57
relationship to vitamin D and renal handling of phosphate, 13
transport, intestinal
and vitamin D, 1
role of vitamin D₃ in, 13
stimulation by vitamin D, 1
- Cancer, breast, in men, 679
- Carbohydrate
diet, high, in thyrotoxic periodic paralysis, 584
metabolism, role in acromegaly, 526
- Carbon dioxide inhalation, bicarbonate and ventilatory response to, 361
- Carcinoma
colonic, glomerular deposition of tumor antigen in, 962
of parathyroid in familial hyperparathyroidism, 642
- Cardiac disorders, echocardiography in evaluation of, 267
- Cardiac involvement in scleroderma (systemic sclerosis), 566
- Cardiac performance, effects of nitroglycerin on, determined by ultrasound, 754
- Cardiogenic shock, glucagon levels in, 747
- Cardiomyopathy, ischemic, echocardiographic detection of abnormal motion of interventricular septum in, 293
- Cardiopulmonary failure in ethylene glycol poisoning, 143
- Catecholamine-secreting pheochromocytoma, asymptomatic, 953
- Cell culture technics, 102
- Central nervous system
manifestations of ethylene glycol poisoning, 143
nocardial infection of, treated with trimethoprim and sulfamethoxazole, 671
- Chemical toxins, effects on lung, 493
- Chemoregulation of ventilation, 361
- Chemotaxis, combined defect in phagocytosis, intracellular killing and, 251
- Chest wall compliance in obesity-hypoventilation syndrome, 402
- Cholecalciferol metabolism, 21
- Cigarette smoking
effects in industrial bronchitis, 192
pulmonary effects versus those of alcohol and liver cirrhosis, 69
role in hypersecretory states, 506
- Circulatory consequences of obesity, 402

- Cirrhosis of liver, pulmonary effects versus those of alcohol and cigarette smoking, 69
- Clindamycin-associated hepatotoxicity, 627
- Clinicopathologic Conferences
 - Fasting hypoglycemia, hypercalcemia and hyperprolactinemia; multiple endocrine neoplasia, type I?, 611
 - Infiltrative gastrointestinal disease, 127
 - Sjögren's syndrome with lymphadenopathy, 801
- Clinicosociologic Conferences
 - Chronic disease and disability: rheumatoid arthritis, 285
 - Diabetes mellitus, 940
- Coagulation, disseminated intravascular, pathogenetic role of capsular antigens in, 889
- Cofactor utilization in ethylene glycol poisoning, 143
- Coke oven workers, epidemiologic study of, 192
- Colitis in chronic mercury poisoning due to laxative abuse, 92
- Colonic carcinoma, glomerular deposition of tumor antigen in, 962
- Colonic mucosa ulceration, sigmoidoscopic visualization in enteritis due to *Vibrio parahaemolyticus*, 638
- Combined Clinical and Basic Science Seminar
 - The hormones of the hypothalamus, 591
- Complement, serum, levels in acute viral hepatitis, 546
- Computer program, PROGNOSIS, for estimating prognosis in lupus erythematosus, 561
- Congenital dyserythropoietic anemia with increased red cell lipids, 912
- Congenital heart disease, echocardiography in evaluation of, 267
- Congenital myopathy, benign (E), 157
- Congenital pulmonary regurgitation, 139
- Congestive heart failure and pericardial effusion in scleroderma, 566
- Coronary angiography and lipoprotein typing, 897
- Coronary artery disease, type IV hyperlipoproteinemia as predisposing factor, 897
- Coronary insufficiency, serum glucagon, insulin and glucose levels in, 747
- Corticosteroid therapy for fibrosing alveolitis in polymyositis, 621
- Cryoglobulinemia, presenting symptoms, 775
- Cryoglobulins, classification and biologic and clinical significance of, 775
- Cryohypophysectomy for acromegaly, 526
- Curare in treatment of tetanus, 303
- Cushing's disease
 - remission after adrenocorticotropin therapy, 949
 - with cure by resection of pituitary adenoma, 826
- Cutaneous symptoms in cryoglobulinemia, 775
- Cytophilic antibody, receptor for, 108

D

- Dementia in mercury poisoning due to laxative abuse, 92
- Desoxycorticosterone acetate administration, effects in selective hypoaldosteronism, 809
- Detergent worker's lung disease, inhaled antigens as cause, 476
- Dextran, effect on blood flow, blood volume and blood pressure in obstructive lung disease, 395

- Diabetes mellitus (CSC), 940
 - and end-stage renal failure, home dialysis in treatment, 789
 - and *Torulopsis glabrata* renal infection, 217
- Dialysis
 - home, 706
 - analysis of 5 year experience with, as treatment modality in end-stage renal failure, 789
 - time, shortened through use of double hollow fiber artificial kidneys, 706
- Dialyzers, double hollow fiber, 706
- Diastolic murmur in idiopathic pulmonary artery dilatation, 135
- Diffusing capacity in asthma, 767
- Digoxin therapy, nomogram for, 63
- Disability and chronic disease (CSC), 285
- Disease
 - endocrine role of lung in, 453
 - states
 - distribution of forces in, 371
 - vasomotor regulation of regional pulmonary blood flow in, 378
- Disseminated intravascular coagulation, pathogenetic role of capsular antigens in, 889
- Drug poisoning
 - see Mercury poisoning
 - Ethylene glycol poisoning
- Dysgenesis, pure gonadal, in vitro androgen metabolism in, 957
- Dyspnea in alcoholics, 69

E

- Echocardiography
 - current concepts and clinical application, 267
 - in detection of abnormal motion of interventricular septum in ischemic cardiomyopathy, 293
 - in detection of mitral stenosis, 267
